Other Events: Art Show, Video Room, SF Authors, Star Gazing, Amateur Rocketry, Late Night Entertainment, plus much more.

Call For Papers

"To Create a Spacefaring Civilization"

In keeping with the theme of the conference, "Settling the Solar System," we are inviting prospective speakers to submit abstracts on the following topics: Space Mining, Space Construction, development and settlement of the Moon, and development and settlement of Mars. We are also inviting submissions of abstracts in the fields of Space Medicine, Space Law, Space Business and Military Space. These topics will be addressed in a one-day professional symposium on Friday, May 24, 2002. We hope you will submit an abstract for our consideration.

Please submit your abstract on the conference web page (200 words maximum) or mail to:
ISDC 2002 Abstracts, 7735 Osceola St.,
Westminster, Colorado 80030

Student Paper Competition

We are soliciting technical papers from college and graduate students for presentation at the conference and publication in the proceedings. The overall best paper, as judged by our panel of experts, will be presented at the Saturday banquet and the author will receive one or more prizes from our sponsors. For more information check out the ISDC 2002 website or call (303) 426-0806.

Sponsorships

Sponsor an event at ISDC 2002! Various benefit packages are available for different levels of sponsorship. In all cases members of your organization, will be entitled to reduced registration prices for the conference. For more detailed information call (303) 426-0806.

Vendor Tables

Vendor's tables will be available at the conference. Rates are \$300.00 for an 8' X 30" table or \$200 for a 6' X 30" table. We expect tables to sell quickly, so reserve your tables now. Send your checks to the ISDC 2002 address. Also, include any special location and electrical requirements.

Exhibition

For the first time, the National Space Society plans on having an exhibition in conjunction with the conference. The hotel's exhibit hall is very large and will accommodate virtually any professional exhibit. We anticipate filling the exhibit hall, so reserve space early to assure that you have a good location and adequate space. 10' X 10' exhibit space will be available for \$500. You may rent a maximum of four contiguous spaces. Call (303) 426-0806 or visit our website to reserve your space.

Hotel Information

ISDC 2002 will be held at the Marriott Hotel - Tech Center, Denver, CO. The Marriott's very reasonable room rates are only \$85.00/night. Luxury and hospitality suites are also available. We are expecting a record attendance so reserve your room as early as possible. To reserve your room call the Marriott Hotel, Monday - Friday at (303) 779-1100. And remember tell them you are with ISDC 2002 or The National Space Society.

Art Show

ISDC 2002 is proud to host one of the largest space art shows in the history of NSS conferences. Display panels will be (4' X 4') and tables will be (1.5' X 6'). Call Bruce Miller at (303) 936-4092 or e-mail Bruce. Miller@dot.state.co.us for more information on the art show.

ISDC 2002 is also looking for art for use in progress reports and the program book. Good black and white copies are preferable. Do not send originals, we will not return them. Please send all art work to the ISDC 2002 address listed below.

Hospitality Suite

Many small organizations and businesses find it prohibitively expensive to rent a hospitality suite for an entire day or weekend. To make your hospitality event more affordable, we will be renting two hour blocks in the ISDC 2002 Hospitality Suite. Here is how it works. You sponsor the Hospitality Suite for two hours and either provide the food and drinks, or let our Hospitality Suite Coordinator assist you with your catering needs. Call Anna at (303) 576-0475 for scheduling and catering information.
